Complete Dismantling of Pavilions and Stands	2017.6.16	22:00

-
- The various dates and times listed above will be strictly enforced. Exhibitors are advised to the above-mentioned times and dates.
- Exhibits may be delivered to the stand earlier than the time specified if construction (in the case of 'Raw Space only' stands) has progressed sufficiently to receive the exhibits. Please liaise with the Official Freight Forwarder for such arrangements. Exhibitors must be present to receive such exhibits.
- Exhibitors are advised to commence packing their exhibits and belongings as soon as the Exhibition ends on the last day. Arrangements with the freight forwarders will have to be made in advance. Dismantling of certain Shell Scheme stands will commence immediately upon Exhibition closure. Exhibitors are advised to remove any displays from the walls that they wish to retain.
- Exhibitors are permitted to enter the Exhibition area half an hour before opening time and remain not more than half an hour after the closing time during the Exhibition days. Exhibitors and their staff are requested to be present at their stands at least 15 minutes before the opening hours of the Exhibition.
- This schedule is correct at the time of printing. Should there be any amendments, an updated copy will be available at the Organizer's Office on-site.

Description:
Consol

Description:
Please input actual Cargo details, Exhibitor
Name, Booth No.

Whichever method you choose to send your cargo, please supply-shipping details to Expotransworld Ltd. (Hong Kong office) prior to the shipment arrival to Hong Kong or China.

i.e. Flight/Vessel details, B/L or AWB No. ETA destination, number of pieces/weight together with your specific storage instructions.

For Ocean shipment, documents includes 1 original plus 3 copies ocean bills of lading, original no wood packing declaration form or HEAT TREATMENT CERTIFICATE, and List of Exhibits must be dispatched to: Expotransworld Ltd. Shanghai office at No.145 PuJian Road, PuDong, 200127 Shanghai China, China at least one week prior to vessel arrival Shanghai port.

The following information must be sent to both Expotransworld - Shanghai Office (FAX No.: +86 21 58708717) and EXPOTRANSWORLD Hong Kong (FAX No.: +852 2730 1878) as pre-advice:

- a. Name of Vessel and Voy. No.
- b. Date of Departure from Foreign Seaport/Airport and Date of Arrival Shanghai
- c. Master Airway Bill or Ocean Bill of Lading No.
- d. Weight and Measurement of Each Package
- e. Special Handling Instruction

For Airfreight, the following information must be sent to Expotransworld - Shanghai Office (FAX No.: +86 21 58708717) and EXPOTRANSWORLD Hong Kong (FAX No.: +852 2730 1878) as pre-advice:

- a. Flight number of aircraft.
- b. Date of Departure from Foreign Airport and Date of Arrival Shanghai
- c. Master Airway Bill, no house airwaybill number issue will be allowed.
- d. Weight and Measurement of Each Package
- e. Special Handling Instruction

FOR ALL FOOD PRODUCTS

- a. Hygiene Certificates (Issued by Health Dept. at origin)
- b. Certificate of Origin

FOR ALL ALCOHOLIC PRODUCTS, please supply

- a. Total quantity of bottles or cans per box
- b. Volume of each bottles or can
- c. Alcoholic content per bottle
- d. Age certificate for whisky or cognac
- e. Brand name

Plant & Quarantine Department of China found some exhibitors will bring the FOOD/MEAT/MILK/ALCOHOLIC products for personal use on stand, since a lot of disease happen in overseas countries, the PLANT & QUARANTINE DEPARTMENT OF CHINA has a very serious control for importation of above items. Therefore, we recommended exhibitors to buy above items at SUPERMARKET in China instead of bringing from country of origin.

Please complete one Custom Declaration Form for each package (except literature) and submit one original with 3 copies to Expotransworld Ltd. or agents

- This is the most important document to arrange the customs clearance for temporary importation of exhibits into China. Please ensure all the items listed on each column of the form have been completed includes the HS code number to identity the tax rate for Customs data entry. Please specify the following for the equipments:

Brand Name	Model Number	Serial Number	Size of TV/Plasma/LCD
------------	--------------	---------------	-----------------------

		Monitor (inches)
--	--	------------------

– please kindly note that for all kinds of souvenirs that have electricity supply and/or have electronic components must need to obtain a license from ELECTRICITY AUTHORITIES of China. Customs may not allow exhibitor to distribute these kinds of souvenirs without the presentation of this permit. Normally, it takes more than 4 weeks to obtain the permit from ELECTRICITY AUTHORITIES of China and the cost for this application is more than US\$400/application, and exhibitors are also needed to pay the import tax/duties for electronic souvenirs. Therefore, it is not recommended to ship the ELECTRONIC SOUVENIRS to exhibition.

Customs Regulations

- Please be informed for all exhibitions in China, each exhibitor must now provide the catalogues, pictures or any related documents for their temporary imported exhibition equipment with declared value at or over US\$10,000 (per unit). Otherwise, the Customs has the right to refuse processing the customs formalities for any return/re-export/transfer shipments and/or sold exhibits.
- On the other hand, there must be a serial number on all the equipment (even if its value is lower than US\$10,000) which customs officers will record during their inspection for inward and it must be tallied with what is declared on the declaration form. This record will be checked again during the export.
- In such case, it is strongly recommended that the exhibitor should print the serial number of the exhibition equipment on each packing case in order to shorten the time that is spent on the Customs Inspection for return/re-export/transfer/sold exhibits.

Please dispatch all those dangerous goods / hazardous goods only to China Port/Airport directly attached by a IMCO certificate / declaration form together with an airwaybill or ocean bills of lading. A copies of documents must be faxed to both Expotransworld Office in Hong Kong and Shanghai at least 7 days prior freight to arrival in China Port/Airport.

All of the above items must be submitted to Chinese Customs for approval prior to the opening of the show before their display and distribution. Details of this procedure are:

- **LITERATURE** - 3 samples of all literature (including brochures, leaflets) must be submitted to our China office for on forward to China for approval.
- **FILMS/SLIDES/VIDEO TAPES/VCD/DVD** - Films, slides, videotapes are to be received by our China office for on forward to China for approval. Exhibitors planning to carry this kind of equipment personally into China may be required to pay a deposit to the Chinese Customs for the release of these equipment into China.
- **ADVERTISING GIFTS** - 3 samples of each give-away are to be received by our China office for on forward to China for approval.

It is recommended that whenever possible, exhibitor material must be packed in cases and/or crates suitable for use for return shipments, if necessary. To protect goods against multiple handling during transit, it is recommended that contents should be securely choked, blocked and braced, please ensure the followings:

- All crates/cases should be bolted rather than screwed or nailed.
- or crates or cartons should not be used except for disposable goods.
- If crates/cases cannot be slung, they should be mounted on skids to facilitate the handling with forklift trucks.
- Exhibitor, at their discretion, may plan to exhibit equipment on , as the floor may not always be completely level. These must however be suitably covered to preserve the overall presentation of the exhibition.
- To minimize risk of loss, damage or delay, avoid shipping your exhibit in small packages (individual package for over 1 cbm is recommended, e.g. 1m x 1m x 1m).

Please be advised that exhibits will be placed outdoors many times including open-air storage at the exhibition center. It is recommended that the packing of case must be strong enough to protect the exhibits from the damage of rain. The packing in cartons is not recommended as it is not suitable for repeated handling and repacking, any damage and claims will not be accepted to the unsuitable carton packages.

All packages must show the following information:

Name of Exhibition:
 Exhibitor name:
 Hall No.:
 Stand No.:
 Package of
 Gross Weight: KGS.
 Dimensions (cm): L x W x H
 Volume: CBM
 Country of Origin: Made In

Please apply a minimum of two of the enclosed shipping labels per package (Please Photostat the quantity you require if necessary) and use only the metric system when stating dimensions and weight.

In addition to the above, markings should be shown on the sides of the crates/cases where applicable:

Label items on all sides.
Items, which must be kept in upright position, on 2 sides, label .
Items which cannot be stored outdoors must be marked on 2 sides with the .
Stripes should be painted on vessels, tanks and similar equipment to indicate where slings must be placed for hoisting, also label in the proper location.
Cases containing spare parts must be marked and contain only spare parts.
and signs must be clearly marked externally for uneven loads and bulky items.
Other markings should conform to the International Rules and Regulations governing packing signs and symbols.

Exhibitors requiring their freight (as opposed to empty cases) stored during the exhibition are requested to notify Expotransworld as soon as possible, allowing them to make special arrangements. Access to freight once stored will be possible at certain times during the exhibition. These times will be published at a later date.

Empty packing case will be automatically removed, stored and returned to the booth at the closing of the exhibition. Every efforts will be made to return empty cases to individual booth for re-packing at the closing of the exhibition, but priority will be assigned to exhibitors with have hand-carried items.

During the exhibition, you will be visited by a member of Expotransworld staff who will give you full return/disposal instructions regarding the repacking; return; sold; donated; etc. of your goods.

. It is advisable to include a quantity of spare packing materials (e.g. wrapping paper, plastic foil, etc.) in your original shipment to replace any that may be inadvertently destroyed during unpacking.

Per the customs new regulation of Chinese Customs, exhibits are not allowed to keep in Exhibition Center after the show. All exhibits will automatically transfer to another Customs Bonded Warehouse which under the custody of Customs. Today regulation, Customs allow to keep the exhibits in Customs Bonded Warehouse for six months after the show. After six months, if the exhibits still do not have an instruction how to handle, the exhibits will be at the disposal by the Chinese Customs.

All charges incurred for the transfer of exhibits from exhibition center to Customs Bonded Warehouse plus the storage charges occurred at Customs Bonded Warehouse are for account of exhibitor or end-user. Charges occurred will be settled directly in between exhibitor/end-user and Customs Warehouse). Expotransworld will not involve in this handling unless we receive the Entrust Order from exhibitor to handle on behalf of exhibitor in China.

REMINDER: Exhibitor should consider the storage/transport charges to be levied prior to give a retained order to Expotransworld Ltd. to keep the goods in China.

All countries / Cities (Included Hong Kong SAR, Macau SAR and Taiwan)

All non-manufactured wood packaging material to be used to carry, pack, pad and support, and reinforce the goods, such as wood case, crate, pallet, frame, pal, wood pole, wedge, sleeper and pad.

Those wood composite products after being heated and pressed treatment, such as plywood, particleboard and fiberboard. Veneer, core. Saw dust, wood fiber and particle and other wood materials with its thickness equal or less than 6mm.

China Entry & Exit Inspection and Quarantine required all wood packaging goods to be imported are required to arrange a Heat Treatment/Fumigation Handling at country of origin prior to ship to China (Included Hong Kong SAR, Macau SAR and Taiwan).

All import wood packaging materials should be treated by Heat Treatment (HT) or Methyl Bromide (MB) fumigation at the origin, and put the Mark of IPPC on two opposite sides of the wooden packaging material.

The Mark should contain the valid symbol approved by IPPC, country code, unique number of producer / treatment designated by the National Plant Protection Organization (NPPO) of exporting countries and treatment methods (HT, MB).

If the wooden packaging material without the approved mark or with approved mark but intercepts the live harmful pest, then the cargoes will be disposal or return to the origin.

Where:
IPPC - Abbreviation of "International Plant Protection Convention";
XX - International Standardization Organization (ISO) two letter country code;
000 - Wood packing producing enterprise code approved by official plant quarantine authorizations in export counties or territories;
YY - The phytosanitary treatment measures, Methyl Bromide Fumigating - MB, Heat Treatment - HT

Suggest to issue 2 Original Certificate, One original certificate must be attached to the original airwaybill or ocean bills of lading send to consignee for submitting to China Entry & Exit Inspection and Quarantine. The 2nd Original must be sent by courier service to Expotransworld destination Office. The copy of document must be sent by fax to both EXPOTRANSWORLD Hong Kong & Destination Office.

For goods that are not packed with wood packing materials or are not loaded on a wood pallet, exhibitors are required to complete the form of DECLARATION OF NO WOOD PACKING MATERIALS. Please issue two (2) original with company stamp and signature, One original must be attached to the original airwaybill or ocean bills of lading send to consignee for submitting to China Entry & Exit Inspection and Quarantine. The second (2nd) original must be sent to EXPOTRANSWORLD Shanghai Office. The copy of document must be sent by fax to both EXPOTRANSWORLD Hong Kong & Destination Office.

Important Notice – In order to avoid problems may occur on Wood Quarantine Inspection, such as some of wooden bars on wooden pallet are conifer wood. We recommended for all wood packing or wood pallet loading exhibits should arrange Heat Treatment/Fumigation Handling at country of origin. Please

issue two (2) original, One original certificate must be attached to the original airwaybill or ocean bills of lading send to consignee for submitting to China Entry & Exit Inspection and Quarantine. The second (2nd) original must be sent to EXPOTRANSWORLD Shanghai Office. The copy of document must be sent by fax to both EXPOTRANSWORLD Hong Kong & Destination Office.

Failure to make the necessary arrangement for the handling of wood packing goods, exhibitor should responsible for the penalties from Chinese Government Authorities and the delay of exhibits delivery to stand on time.

For full details, please visit the official website of China Entry & Exit Inspection and Quarantine.

Please note that Expotransworld Ltd. undertakes all work at owner risk and we provide no direct insurance on exhibits. Every exhibitor should make certain that all shipments are covered by a full comprehensive policy from the time of dispatch from work to Shanghai and return (including exhibition period). Exhibitors should also bring a copy of the insurance policy to China. It will be useful in case exhibitors require to claim for damage or loss in China.

Please kindly note that Expotransworld Ltd. is only covered our own liabilities at owner's risk at maximum liabilities of US\$2 per Gross Kilogram. For full details, please refer to the standard trading conditions of Company.

All services and work undertaken by Expotransworld Ltd. are carried out exclusively according to the terms and conditions outlined in the Company Terms and Conditions of Trading, copies of which are available upon request.

We, the transport contractor (hereinafter referred to as “the Contractor”), are committed to the strict observance of the following rules during the transportation, loading, and unloading operations within the confines of the Shanghai New International Expo Centre Co., Ltd. (hereinafter referred to as the “SNIEC”), so as to ensure the common facilities within the SNIEC are well protected, the construction work is carried out in a safe manner, and the SNIEC is kept quiet, safe, and clean.

- The Contractor shall strictly abide by the laws, rules and regulations on work safety, fire safety, and labor protection promulgated by the state and Shanghai municipal governments and relevant administrative departments.
- The Contractor shall take charge to educate its transport staff on the issues of work safety, ensuring the drivers of special vehicles have the relevant driver's licenses, and ensuring all its workers work with their helmets on and in accordance with all necessary requirements and regulations. The Contractor shall urge its transport staff to work according to safety regulations, and take protective measures to ensure work safety and fire safety according to the established regulations. The Contractor shall designate a person, who shall be readily recognizable at the site, to take charge of on-site day-to-day safety supervision.
- When transport vehicles arrive at the SNIEC, they shall enter the designated unloading spaces to carry out loading and unloading according to the SNIEC's arrangements in terms of entry sequence and through designated passages, as well as parking at the spaces previously designated . The Contractor shall submit to the SNIEC a written plan two weeks prior to the exhibition on parking and loading spaces during the exhibition, and take measures to ensure the unloaded containers are stored in a safe and neat manner.
- Before driving the vehicle to the unloading area within the SNIEC, the driver shall obtain an Entry Permit of the Unloading Area from the SNIEC during office hours, and submit the relevant service fees and deposit. Loading and unloading shall only be carried out after the permit has been obtained, and shall be finished within the work duration specified on the permit, with the deposit then being returned when the vehicle leaves the site and the permit is returned. Should the permit be damaged or lost, the driver is required to provide compensation for any associated costs.
- During the loading or unloading operation, the driver shall follow the instructions of the security staff, and shall stay behind the wheel. After the operation is finished, the vehicle shall immediately leave the site. The security staff of the SNIEC have the right to keep any non-compliant vehicle of the premises or impose a fine by detaining some or all of the aforementioned deposit.
- Material handling shall not be carried out within common areas, audience passages, entrance halls, and entrance plazas. Forklifts or cranes shall not be operated at the unloading area, and on outdoor drainage and manhole covers.
- No vehicle is allowed to enter the exhibition hall without prior permission. After the permission is obtained, forklifts, and trucks and cranes of less than 5 tons in capacity can enter the exhibition hall to carry out work. Vehicles allowed to enter the exhibition hall shall be no more than 4 meters in height, and shall move at no more than 5kph. When the crane is in operation, the supporting points on the floor shall be protected with wood sleepers, and the crane boom shall be at least 3 meters away from the hall's ceiling and its steel structures.
- The floor of the exhibition hall has a load capacity of 3.3 tons /m². If there are any components that vertically vibrate when the exhibits are being worked on, the load capacity of the floor shall be reduced by at least half. No loads shall be filed on the two main cable trenches within the exhibition hall. The outdoor ground is classified into three zones by load capacity: heavy-load zone, 15 tons/m²; regular-load zone, 5 tons/m²; light-load zone, 2 tons/m². When transporting and placing the exhibits, the load capacity of the ground must

be taken into consideration. Should there be any questions, please consult the SNIEC beforehand.

- In regards to the manhole covers within the unloading area, no vehicle shall drive, no loads be piled up, and no work be carried out.
- Facilities, materials, and passages for flood control must not be damaged, hidden, or obstructed.
- During transporting, loading, and unloading operations, the floor, constructions, structures, facilities, equipment, and fittings should not be affected. Should there be any damage or pollution, compensation shall be made according to the SNIEC's "Damage Price List of Constructions and Structures" and "Damage Price List of Facilities, Equipment, and Fittings".
- Fire and explosion prevention rules must be strictly observed. Smoking is prohibited in the exhibition hall. No explosives and inflammables (such as paint, banana oil, dimethyl benzene, etc) can be taken into the exhibition hall. No fires, electric furnaces and welding equipment can be used within the exhibition hall.
- Materials must not be stored at the fire exits. All fire exits, safety passages, and common walkways must remain free of obstructions.
- Transport personnel must not undertake other transport tasks that are irrelevant to the designated exhibition, or solicit work from other concurring exhibitions.
- The work of transporting, loading, and unloading must not be subcontracted to individual persons, other private entities or entities that do not carry legal person status and relevant certifications.

Should there be any consequences due to the Contractor's failure to follow the above rules, the Contractor will be liable to punishment from the SNIEC, the sponsors of the exhibition, and the security staff of the SNIEC, and will also bear all possible resulting economic and legal responsibilities.

Seal of the Contractor:

Signature of the Person in Charge of the Work form the Contractor:

Date: ___/___/___ (DD/MM/YY)

We, the erection contractor (hereinafter referred to as “the Contractor”), are committed to strictly obeying the following rules during exhibition hall improvements, booth erection, and dismantling operations within the confines of the Shanghai New International Expo Centre Co., Ltd. (hereinafter referred to as the “SNIEC”), so as to ensure the common facilities within the SNIEC are well protected, the construction work is carried out in a safe manner, and the SNIEC is kept quiet, safe, and clean.

- The Contractor shall strictly abide by the laws, rules and regulations on work safety, fire safety, and labor protection promulgated by the state and Shanghai municipal governments and relevant administrative departments.
- The Contractor shall take charge to educate its on-site workers on work safety, ensuring that the workers carry all relevant work permits, and ensuring that all its workers work with their helmets on and, when working at heights above 2 meters, wear safety harnesses. The Contractor shall urge its transport staff to work according to all relevant safety regulations, and take protective measures to ensure work safety and fire safety according to regulations. The Contractor shall designate a person, who shall be readily recognizable at the site, to take charge of on-site day-to-day safety supervision.
- The workers of the Contractor shall closely follow the rules on the operation and use of the facilities and equipment in and out of the exhibition hall, and facilitate the checking and supervision of the SNIEC’s staff on the improvement work.
- During work execution, the Contractor shall strictly follow the SNIEC’s rules on work safety and fire safety; and shall bear all responsibilities and consequences in result of the failure the stipulated rules.
- For work at height, the worker shall be a holder of a work-at-height permit or other relevant qualifications, and take all appropriate safety measures. Should there be any accident, the Contractor shall bear all responsibilities, liabilities and consequences.

- During work execution, the Contractor shall keep the constructions, structures, facilities, equipment, and fittings in the exhibition hall clean and well protected. Should there be any damage or pollution, compensation shall be made according to the SNIEC's "Damage Price List of Constructions and Structures" and "Damage Price List of Facilities, Equipment, and Fittings".
- Fire and explosion prevention rules shall be strictly observed. Smoking is prohibited in the exhibition hall. No explosives and inflammables (such as paint, banana oil, dimethyl benzene, etc) may be taken into the exhibition hall. No fire, electric furnace and welding equipment may be used within the exhibition hall.
- Materials must not be stored at the fire exits. All fire exits, safety passages, and common walkways must be kept free of any obstructions.
- During work execution, no action shall be carried out that may affect the structures and safety of the building.
- Workers must not undertake other transport tasks that are irrelevant to the designated exhibition, or solicit work from other concurring exhibitions.
- The Contractor must not subcontract the work of exhibition booth erection or dismantling to individual persons, other private entities or entities that do not carry legal person status and relevant certifications.
- The Contractor must not use the materials and facilities for improvement that have been expressly banned by national laws and regulations.

Should there be any consequences due to the Contractor's failure to follow the aforementioned rules, the Contractor will be liable for punishment from the SNIEC, the sponsors of the exhibition, and the security staff of the exhibition hall, and bear all possible resulting economic and legal liabilities.

Every Exhibitor, his agent or contractor, must observe the Rules and Regulations laid down and enforced from the date of this Exhibition, including any amendments which may be applicable from the date of the Exhibition and introduced by the relevant authorities or the Organizers.

Failure to observe these rules and regulations, may result in the Authorities or the Organizers ordering the closure and removal from the Exhibition hall of the stand or exhibits, or parts thereof. In the event that this occurs, the Authorities and the Organizers will not be held liable for any loss or damage thereby suffered by any Exhibitor.

No Exhibitor may begin stand construction move their exhibits into the Hall or surrounding area until full payment, including deposits, has been received by the Organizers.

Admission into the Exhibition hall will be strictly controlled. Exhibitors, their representatives, delegates, and trade visitors are all required to put on their respective badges for admission into the Exhibition hall. Exhibitors can receive the badges before the opening of the exhibition if there are no problems regarding payment.

a. Exhibitors

Exhibitors are permitted to enter the Exhibition area half an hour before opening time and remain not more than half an hour after the closing time during the Exhibition days. Exhibitors and their staff are requested to be present at their stands at least 15 minutes before the opening hours of the Exhibition. Persons below 18 years of age are not allowed to use Exhibitor Badges, nor will they be admitted. This ruling will be enforced also during the set-up and take-down days.

b. Visitors

Trade visitors must complete a registration form before entry. Only those related to the industry will be allowed entry. Persons under 18 years of age will not be granted entry during the set-up, take-down, and Exhibition days.

Organizers of group and national pavilions are responsible for ensuring that all Exhibitors and / or co-Exhibitors on their pavilion be fully cognizant of, agree to, and abide with all the Rules and Regulations stated herein.

Exhibitors must not transfer, dispose of, part with, or otherwise sub-let, in whole or in part, their contacted space, office, meeting area, store area, or other accommodation whatsoever for financial consideration or otherwise, or enter into any agreement to do so. An Exhibitor, being officially appointed sole agent or sole licensee, must declare, at the time of application for space, the name(s) of the principals to be represented and confine his/her display to their products. This does not debar any Exhibitor displaying products of a principal for whom he became sole agent or sole licensee after allotment of space, provided permission has been obtained from the Organizers a priority.

This regulation shall be deemed to include any subsidiary material and/or product not being a part of, but used as complementary to, an exhibit. An Exhibitor may not, except by writer endorsement from the Organizers, display directly or indirectly, advertise or give credits to any products other than his own or his principal's. The Organizers reserve the right to have masked or removed from the Exhibition

hall any products or signs violating this regulation and all paid participation fee will be forfeited.

The Organizers reserve the right to alter the layout, plans and positioning of all stands, if in their opinion, such change(s) are desirable or necessary, for the Exhibition and the Exhibitors.

An Exhibitor intending to present and / or demonstrate equipment, exhibits or products at his stand must:

- a. Submit to the Organizers full details of any working exhibits, involving moving parts, inflammable materials, laser or other dangers, in writing and obtain approval prior to the Exhibition.
- b. Ensure that all moving machines be fitted with safety devices when the machines are in operation. The safety devices may be removed only when the machines are disconnected from the source of power.
- c. Ensure that any moving machines displayed shall only be demonstrated within the stand area, operated by qualified persons and shall not be left running without the proper supervision of such persons.
- d. Safely install and guard all working exhibits to prevent slippage and position the exhibit within the actual stand area and in a way that would not be hazardous or cause any injury to all persons, whether visitors, staff or contractors.
- e. Isolate starting devices to prevent operation by any visitor or other unauthorized person.
- f. Ensure that toxic fumes, exhaust or other irritants caused by the exhibits /products are not released into the Exhibition hall. Prior approval from the relevant controlling authority, in addition to that of the Organizers, must be obtained for such purpose.
- g. Ensure that gas cylinders, naked flames and welding demonstrations are not exposed in the Exhibition hall and stands. Prior Fire Safety Bureau (FSB) approval must be obtained and their conditions for such purpose fully met and satisfied before any demonstration is carried out.
- h. Ensure that adequate protection is catered to prevent damage to the Hall flooring, carpet and facilities. Any damages caused will be at the responsibility of the Exhibitor concerned.
- i. Ensure that any product or display like roofing, awning, ceiling or lighting pellet must be highlighted in the respective stand plan and submitted to the Organizers for the Fire Safety Bureau (FSB) approval. Without this FSB approval, no such product or display will be permitted in this Exhibition by the FSB.
- j. Ensure that all the relevant local government authority license(s) and/or permit(s) are obtained and its stipulated regulations and conditions observed and abided with for the demonstration and/or use of electronics, radio and/or satellite transmitting equipment.
- k. Ensure that only products for which they are either the producer, agent, distributor or dealer are displayed. In the event of a dispute between/among Exhibitors, the Organizers reserves the right to rule on the right to exhibit.
- l. Ensure that noise level does not cause interference or annoyance to visitors or other Exhibitors. Demonstrations producing a high level of noise or other objectionable factors may only take place at certain times stipulated by the Organizers, who reserves the right to reduce the sound level or switch off the audio/visual displays should they cause any problem. In the case of dispute, the Organizers' decision will be final.
- m. Only exhibits, posters, documents and materials relevant to the Exhibition profile as determined by the Organizers will be allowed. The Organizers reserve the right to remove from the Exhibition hall, any exhibit, poster, and articles, or any item complementary to an exhibit, which in their opinion, contravene this regulation.

Exhibitors are asked not to place stickers, signs or posters anywhere in the halls other than within their own stands and/or on paid advertising locations. Likewise, exhibitors' representatives may not distribute brochures, invitations, etc along the hallways nor near entrances/exits. This is unfair to other exhibitors and an inconvenience to visitors.

The use of all remote-controlled flying objects and the distribution of helium filled balloons is prohibited. The use of hot air balloons is subject to approval by the Organizer.

The noise level coming from the stand must not exceed 70 dB(A) at the stand boundary. During the presentation of exhibits or special shows the general noise level in halls may exceeded by 70dB(A) for a brief period. Loudspeakers must be directed towards the inside area of the stand. The exhibitor should submit the project of demonstrate or performance of products to the Organizer in the two weeks before the opening of the exhibition and subject to the Organizer's suggestion. The loudspeaker of every stand should be placed inside the stand. If the loudspeaker is found towards the outside area of the stand, the Organizer has the rights of stopping providing power for that stand before it comply with the order of the Organizer. The sound controller of every stand should be on his position when the loudspeaker is working. If the loudspeaker's sound is found lost control because the absent of the sound controller, the Organizer has the rights of stopping providing power for that stand immediately. If the stand is often complained by other stands because their sound is too loud over a long period, and that is proved by the Organizer, the Organizer can stop its power in part time as a punishment, and the exhibitor should responsible for his loss due to power cutoff by himself.

Any organization which have signed and submitted a valid Contract for space reservation, and fails to exhibitor turn up for the Exhibition, and has not been released from the Contract by the Organizers, shall be held liable for the full cost stated in the Contract, plus any additional costs incurred by the Organizers as a result of the failure to exhibit or turn up for the Exhibition.

All Exhibitors participating in this Exhibition MUST arrange at their own cost "all-risk" insurance coverage from their country of origin on up to their Exhibition stand, including the duration of the Exhibition and their return to their country of origin. Exhibitors are strongly advised to pack and remove from the Exhibition hall all portable, attractive and valuable items at the end of each day when the Exhibition closes as this is the time that there is greatest risk of loss and theft. All these items MUST NOT be left unattended or out of sight at any time. The Organizers will not be responsible for the safety farticles of any kind brought into the Exhibition by the Exhibitors, their agents, contractors, visitors or any other person whosoever.

Exhibitors shall ensure that they are fully covered by insurance and take up public liability and comprehensive protection. The period of liability of the Exhibitor shall be deemed to run from the time the Exhibitor or any of his agents or contractors first enter the Exhibition site, and to continue until all his exhibits and property have been removed.

The Exhibitor shall insure, indemnify and hold the Organizers harmless in respect of all costs, claims, demand and expenses to which the Organizers may in any way he subjected as a result of any loss or injury arising to any person whosoever caused as a result of any act or default of the Exhibitor, his agents, contractors or invitees.

Exhibitors shall also be responsible for making good any loss or damage to any items which they have rented or hired from the official contractors. And Exhibitors shall take all necessary precautions to prevent any damage to their equipment, exhibits and displays before making any connection to the electrical supply of the official contractors.

Exhibitors must ensure that their temporary staff and the staff of their servants or agents are insured against claims for workman's compensation.

Exhibitors are required to provide evidence and proof of the above insurance to the Organizers/Show Manager if requested to do so.

Exhibitors are responsible for the cost of making good or replacing any damage or dilapidation

to the Exhibition premises, whether caused by themselves, their agents, contractors or by any person or persons employed or engaged on their behalf by such agents or contractors.

Exhibitors occupying Shell Scheme stands are also responsible for the cost of making good any damage to the contractor's stand structures, floor coverings, light fittings and any other hired items, whether caused by themselves, their agents, contractors or by any person or persons employed or engaged on their behalf by their agents or contractors. The cost of repairing and replacing for any damages will be assessed by the Official Stand Contractor and charged to the Exhibitor concerned.

In the case of force majeure-i.e. any cause whatsoever beyond the control of the Organizers-the Organizers reserve the right to alter the timing and/or duration of the Exhibition. The Organizers shall not be held responsible for any loss sustained by the Exhibitor, which is directly or indirectly attributed to a so-called "Act of God" such as fire, flood, earthquake, windstorm or other natural disasters, act of any sovereign government, and any law and judgment relating to labour dispute. In the event of such circumstances, the money paid by the Exhibitor, or any part thereof, may not be refunded to the Exhibitor.

In the event of any problems or disputes on-site, the decision of the Organizers, being lessee of the premises, will be final. The Organizers also reserve the right to amend any earlier decision made in order to meet and satisfy any unforeseen or prevailing circumstance for the Exhibition and concerned parties.

In the event of any occurrence not foreseen in these 'Rules and Regulations' and the terms of contract stated in the contract, the decision of the Organizers shall be final.

To all the exhibits on display, the exhibitors either own the intellectual property rights, or have the authorization or permission for exhibition from the owner of the intellectual property rights, which have no infringement activity involved. Otherwise, the exhibitor will remove the infringed exhibits from display immediately, cooperate with the organizer and related legal agency on investigation and will not use this reason to request back any participation fee.

a. Maximum height of stand shall not exceed 8 meter. Any structure which may exceed 8 meter must be approved by the fairground at least 4 week ahead of the opening of the show. Stand structures that have not been approved or do not comply with the Rules and Regulations or legal requirements may have to be modified or removed. If the necessary modifications or the removal are not done by the prescribed date, the Organizers are authorized to have the modifications or removal carried out at the expense and risk of the Exhibitor.

b. Stand of two stage or above

Two-storey stand can be built only when the total stand space exceeds 90 sqm. And it must be within 30% of the ground space while the height of the stand must be in accordance with the regulation of the exhibition hall.

All two-storey, multiple-storey and outdoor stands' drawings should be inspected by National Grade A Registered Structural Engineer before built up.

Exhibitors and contractors who have stand with two stages or above should insure the safety and stability of the stand. Any stand structure designs, decorations, furnitures or any parts of the stand which hangs in the air are not allowed to exceed the border of the reserved space, especially should ensure the safety and stability of the parts hang in the air so to avoid any hurts incurred on exhibitors and visitors. According to fire safety rules, exhibition stands are required to equipped with water sprinklers.

The Organizers are authorized to close the Stand until correct while the Stand is found unsafe.

c. Stand Fitting & Boundaries

All Stands and national pavilions must be carpeted or laid with some form of flooring as clear demarcation of contracted space within the Exhibition hall. Except for island stands and national pavilion structures, a back wall must be installed for all other stand structures. Stands with adjoining neighbour(s) should also be separated with the necessary side-wall(s).

Exhibitors are not permitted to display, hang, or distribute any exhibit, material, furniture or product, nor extend their stand structures and fittings, beyond their contracted boundaries.

Erection of partitions or display boards which could hamper the fire protection system and the air-conditioning diffusers and air flow inside the Halls / Rooms is not allowed.

Any temporary structures erected must allow a minimum clearance of 1.2 meters (4feet) from door opening to fire cabinets, electrical and mechanical riser and alarm call points.

d. Open Frontages / General stand appearance

Sides of stands facing the aisles must be of transparent design. Walls bordering aisles should be made more interesting by introducing showcases, recesses, displays and so on. Long, closed lengths of stand partitioning are not allowed along the aisles.

- e. No part of any structure or exhibit may extend beyond the boundaries of the contracted area. This includes Exhibitor's name, logo, light fittings or posters.
- f. No fittings, display or self-adhesive stickers/signs may be attached to or suspended from the ceiling or any part of the Exhibition hall, nor may nails or screws be driven, nor holes be drilled into the floors, walls, doors or pillars or any part of the Exhibition hall.
- g. Exhibitors are not allowed to construct a permanent false ceiling at their stand.
- h. In the case of an island Stand, a complete wall is not permitted on any side of the Stand. (This does not refer to internal partition walls within the island Stand).
- i. All contractors are expected to clean the stands and remove all construction debris including all double sided tapes and residue marks before the Official Cleaning Contractor takes over the responsibility.

Exhibitors who have booked 'Raw Space' stands may use either the Official Stand Contractor or appoint another contractor of their choice, subject to the approval of the Organizer/Hall Owner. This contractor will have to comply with the following rules and regulations.

- a. Flooring of stands must be covered in carpet or other suitable material.
- b. The Organizers reserve the right to request the Exhibitor to change, modify, lower or shorten any backwall or sidewall proposed in the "Raw Space Stand" design if, in the opinion of the Organizer, such backwall or sidewall will obstruct the reasonable exposure of any adjacent Exhibition stands. In addition, the external side of any wall, which faces another Exhibitor or a public area must also be finished to a quality acceptable to the Organizer.
- c. All stands must be constructed with a backwall and 2 sidewalls, except island stands, which does not require any wall. In case of a one-corner open stand, a backwall and sidewall must be constructed, while a two -corner or peninsula stand requires only a backwall.
- d. Each Exhibitor is responsible for providing their own walls. Where stands are adjacent, an Exhibitor may not use the reverse of the neighboring stand's wall.
- e. For two-storey, multiple-storey and outdoor stands', the Exhibitor must submit to the relative party, a whole set of documents 4 weeks before the opening of the Exhibition (Please refer to Page 37 for the "Technical Rules for Outdoor Stand and Two-story Stand Construction" from GUANGZHOU JINHAN EXHIBITION CENTER). The contractor may only commence stand construction once these plans have been approved, signed and returned by the relative parties. The higher stand design should not obstruct any other exhibitor's display area.
- f. The name and stand number of the Exhibitor must be prominently displayed. If this requirement is not observed, the organizers reserve the right to affix stand numbers as they deem fit and to charge the cost to the Exhibitor.
- g. Display of Exhibitor's name, logo, etc. is not permitted on the back or sidewalls of neighboring Stands.
- h. Official Stand Constructor will issue Stand Construction Guideline to all exhibitors who reserved space only.
- i. Form 4G must be submitted if overtime construction is required.

No part of any stand or exhibit structure including fascia, signs, lighting, wiring, comer posts or other fitting, shall project into or overhang any aisle or obscure any fire or exit signs. No objects are to be attached to or suspended from the fire sprinkles or light fixtures on the ceiling.

All entrances and exits of the Exhibition hall should be kept unimpeded and the width of the main

public passageway (aisle) must be at least 5m in width, and for non-main aisle the width is at least 2.5m. Where there is a column in the passageway, a minimum aisle width of 3.5m must be maintained.

A 50 cm passage between the back wall of the stand and the walls of the Exhibition hall building should be reserved for security inspection purposes.

Corridors leading to exit doors and all entrance and exit doors should be kept clear of obstructions at all times.

Exhibitors and their agents and employees shall keep all aisles and gangways clear of materials, packing cases, waste and equipment. The Organizers reserve the right to remove any obstruction which contravenes this regulation and to charge the Exhibitor responsible for the cost of so doing without prejudice to any claim for damages which the Organizers or any other person(s) may have by reason of such obstruction.

Any demonstration, live performance or other activity which results in obstruction of aisles or which prevents ready access to a neighbouring Stand shall be suspended by Organizers.

The Organizer will appoint a transport company as the official freight forwarder for all exhibitors at the consideration of the service's unity, the safety, and the control of the exhibition. That company will be in charge for the temporary import customs clearance of the overseas exhibits, the export shipping of the temporary overseas exhibits, and for all the exhibits' (including the local exhibits) on-site service.

The official freight forwarder is the only one who can transport the exhibits in the exhibition area. The exhibits those are taken to the exhibition hall loading area by the exhibitors should pass to the official freight forwarder for in-hall transport, and the exhibitors should pay the expense of the process (except the hand carry items). Only the official freight forwarder can operate the hoisting equipments (including forklift, crane and etc.) in the loading area and exhibition hall. Any other forwarder can not operate in the exhibition hall. The organizer and the exhibition hall have the rights of force the unauthorized hoisting equipments out of the exhibition hall. You can find the Shipping Manual which is provided by the appointed official freight forwarder in this manual and the service website of our company. Please get all the details of exhibits transport and the quotation from the Shipping Manual and communicate with the official freight forwarder directly.

This Exhibition has been registered in Customs and Inspection and Quarantine Bureau, and the organizer has appointed Expotransworld Ltd. as official freight forwarder whom do the process of import declaration, quarantine inspection and bounded supervising during the exhibition period and shipping cargo back, which is approbated by the above department.

The official freight forwarder will import exhibits by "temporary import" as bounded cargo, transport the exhibits to the exhibition hall at the period of the decoration, unpacking and position as the exhibitors requirement and repacking the exhibits and return it to the assigned destinations after the exhibition follow the exhibitors order.

If the exhibits find buyers and need permanent import, the official freight forwarder can assist the buyer to do re-declaration, and permanent import process and pay tax & duty. The official freight forwarder can also provide the service of import cargo through a trading company while the buyers who have no license of import cargos.

During the exhibition, the whole exhibition hall has the function of temporary bounded warehouse. The exhibits which enter into the exhibition halls with the Customs clearance problem need provide the related documents before they leave the hall with control of the Customs and the commission company. If the exhibits are imported by other ways, please take the related documents of Customs clearance for checking.

A modicum of temporary import showing materials, stationery and other expendable as the exhibits usually do not need to pay the tax and duty. For keeping the exhibition order, we do not encourage the

exhibitors to send mass souvenirs except for a modicum of presents for guests. Exhibitor wants to export any irrelevant souvenirs, please handle the export Customs declaration of ordinary goods.

During the exhibition, all the manuscripts, slides, videos and movies from abroad must be submitted to the national Customs for examining first.

This exhibition is a commercial action, so there should not be anything reference to politics and any characteristics which are not be accepted by government during the exhibition.

All the exhibits should accord with the related regulates and laws of Chinese Customs', Inspection and Quarantine Dept.'s and Public Health Dept.'s.

All the exhibits must communicate with the official freight forwarder on this issue.

We strongly suggest the exhibitors do the exhibits loading, Customs clearance and other operations with our official freight forwarder.

The official freight forwarder, who is willing to provide their service for you, has enough ability to meet your requirements.

The official freight forwarder provides two kinds of services on local exhibits: From warehouse and on-site:

A) From warehouse

The exhibitors from other province should transport the exhibits to the appointed warehouse in the limited period stipulated by the official freight forwarder, or provide the freight bill that consign to the official freight forwarder, whom can take and deliver the exhibits to Stand.

The official freight forwarder transports the exhibits to the exhibition hall in the move-in period after it receives the goods, and provides on-site service.

If you need the official freight forwarder's receiving cargo service, please connect with them directly to inquire the detail of consigning the B/L, marking on the case and the quotation.

The organizer and the exhibition hall do not provide the service of consigning for shipment for any exhibitor, and also not be responsible for the mistake of transport.

B) On-Site

The exhibitors or service companies transport the exhibits to the exhibition loading area, and entrust the official freight forwarder with the services of loading, packing, empty storage service during the move-in period; And empty deliver, repacking, loading service during the move-out period.

The exhibits can only be loaded or be transported in the loading area. The security will control and lead the trucks at the loading area to keep the whole flow fluent and safe.

The exhibitor should arrange the exhibits transport into the exhibition hall in the limited time follow the In-Hall Operation Schedule. The exhibitors should pay the expense to exhibition hall for the overtime charge if they need work over time.

While there are large exhibits arrive during the exhibition period, the transport is not allowed at the consideration of safety. The transport can be done as overtime work when that day's exhibition is closed, and the exhibitor should pay the expense of the extra work.

Every exhibitor must assure that there are exhibits and staff at the stand before the end of the exhibition. An empty Stand before the end of the exhibition is not permitted. The official freight forwarder will provide the out-door-permit and deliver the empties strictly follow organizer's schedule.

Cartons, crates, cases, packing materials and containers used for storage and consignment of exhibits should not be stored within the Exhibition hall Prior arrangements for safekeeping such items must be made with the Official Freight Forwarder.

The Organizers reserve the right to remove and dispose of any such items left in the Exhibition hall. Any storage or disposal costs incurred will be borne by the Exhibitors.

Smoking is strictly prohibited in the Exhibition hall.

All Exhibitors must comply with and ensure that all their contractors, staff, agents and servant, etc, comply with the prevailing government fire protection law and the fire safety regulations and building codes of the Centre.

Any person who encounter an outbreak of fire, however slight, should activate the fire alarm and subsequently endeavor to extinguish it or confine it by the use of the fire extinguishers and/or remove all items in that vicinity.

No packing materials or brochures may be stored behind the walls of perimeter stands or any other designated service areas. Fire lane in and around the Centre must remain clear and unobstructed.

Written approval must be obtained from the Shanghai Fire Safety Bureau for the following:

- a. Display and operation of any heater, barbecue, heat producing or open flame devices, candles, lanterns, torches, welding equipment or other smoke emitting materials as part of the exhibit.
- b. Display and operation of any electrical, mechanical, or chemical devices which may be deemed hazardous. If there is any question, if devices may be deemed hazardous, submit them to the appropriate controlling authorities for approval.
- c. All toxic and hazardous material, including flammable liquids, compressed gas or hide from the view the fire protection system, air conditioning, mechanical ventilation vents, fire safety equipment, fire hose reel/cabinets, fire alarm pull stations, house lighting fixtures and supervising systems.

Clients and visitors who enter the Centre by motor vehicles must follow the guidance of the security staff and pay applicable car parking fees.

[Shanghai New International Expo Centre](#)
