

Metal + Metallurgy China 2021

第十九届中国国际铸造博览会

The 19th China International Foundry Expo (Metal China)

第十五届中国国际压铸工业展览会

The 15th China International Die Casting Industry Exhibition

第二十届中国国际冶金工业展览会

The 20th China International Metallurgical Industry Expo

第十九届中国国际工业炉展览会

The 19th China International Industrial Furnaces Exhibition

第十六届中国国际耐火材料及工业陶瓷展览会

The 16th China International Refractories and Industrial Ceramics Expo

同期举办

中国国际流体机械节能设备展览会

China International Fluid Machinery Exhibition

中国国际氢技术及应用展览会

China International Hydrogen Technology and Application Exhibition

2021年5月26-28日 | 国家会展中心·上海

May 26-28, 2021 | National Exhibition and Convention Center-Shanghai

展会简介 Exhibition Profile

设备、技术与产品全方位展示

Machinery, Technology and Products with Full Breadth

——打入中国, 走向世界

——Total Solution for Marketing Your Productions in China and the World

历经近三十年的整合发展, Metal+Metallurgy China已经成为亚洲首屈一指的国际性装备制造业展会, 是中外企业加强国际交流与合作, 提升品牌价值的重要平台。

多年来, 伴随着中国工业化进程的加快以及上下游产业链的贯穿, Metal+Metallurgy China不断丰富内涵, 细化展品内容, 在原有的铸造、冶金、工业炉基础上, 引进了汽车、机床、船舶、工程机械、轨道交通等各制造领域所需的铸件零部件以及冶金行业所需的耐火材料及工业陶瓷, 拓宽了下游市场, 拓宽了在冶金、铸造、热工、农业、航空、汽车等领域的服务范围。目前展会已成为覆盖全产业链、高规格、国际化的品牌展会。

2021年, 国内外知名企业将悉数登场, 向来自海内外的买家展示全球最先进的技术、产品、设备及发展理念, 为客户提供一体化解决方案。

With a history of almost 30 years, Metal+Metallurgy China is regarded as a leading international exhibition in the equipment manufacturing industry in Asia. It's an important platform for Chinese and overseas elites to communicate and collaborate, as well as to enhance the brand value. Following China's rapid industrialization process and the penetration of the whole industrial chain, Metal + Metallurgy China keeps on enriching the content and refining the category. Besides the exhibits of foundry, metallurgy and industrial furnaces, cast parts, refractory materials and ceramics, which are widely used in auto, machine tools, shipbuilding, engineering machinery, rail transit and other manufacturing areas, are introduced to the exhibition. In this way the downstream market is expanded and the service range is broadened. As a result, Metal + Metallurgy China has become an international brand exhibition covering the whole industrial chain with high specifications.

The leading players of the industry throughout China and the world will be present at Metal + Metallurgy China 2021 with their top-selling products, latest technology and one-stop solution.

展商评语 Exhibitor's Message

山东开泰集团有限公司 Shandong Kaitai Group

01

展会上守护了新老客户的肯定与信赖, 前沿的新工艺、新技术和新产品, 为我们在后疫情时代的发展提供了有益的参考。

The exhibition gained recognition and trust from new and old customers. The cutting-edge technologies and new products provided us with useful information for our development in the post-epidemic era.

圣泉集团 Shengquan Group

疫情下, 展会组织完善、安排周到、服务到位, 公司开拓了更多商机, 拓展了销售渠道, 更好地树立和传播了品牌。

The number of visitors exceeded our expectations. Our new technologies and new products won the recognition of visitors, such as renewable technology of alkali phenol resin sand and high-efficiency anti-sulfurization coatings.

02

致恒(天津)实业有限公司 Ziheng(Tianjin) Industry Co., Ltd.

03

观众的专业性明显提升, 接待的有效观众比例很高。致恒研发的新产品受到行业领导、专家和观众的高度赞扬。

The visitors were more professional. Our new products were highly praised by industry leaders, experts and visitors.

华通集团所属青岛青铸装备有限公司 KW, a Subsidiary of Huatong Group

华通集团铸造装备板块整合后参加的首个国际性展会, 累计记录来访客户300余人, 收集意向信息100余条, 3天展期给予我们意想不到的精彩

It's the first international exhibition Huatong Group Participated in after the integration of our foundry equipment sectors. There were more than 300 trade visitors coming to our booth and we received over 100 pieces of purchasing information. The 3-day exhibition gave us unexpected excitement.

2021年展会规模

Projected Exhibition Scale for 2021

展出面积

Display Area

120,000 sqm

预计观众数

Expected Visitor Number

>110,000

预计展商数

Expected Exhibitor Number

>1,000

展品范围 Exhibits Profile

■ 铸造

- 铸件
- 铸造设备
- 铸造材料
- 铸造用模具
- 铸造用工装、夹具
- 铸造专用机器人
- 铸件加工机床设备
- 铸件质量检测设备
- 自动化配套及周边设备
- 环保技术与装备
- 清洁生产及循环利用技术与装备
- 安全生产技术与装备
- 节能技术与装备铸造制造技术
- 职业健康防护及劳保用品

■ Foundry

- Castings
- Foundry equipments
- Foundry materials
- Foundry moulds and patterns
- Foundry jigs and fixtures
- Foundry robots
- Casting processing machine tool equipments
- Casting quality inspection equipments
- Automatic supporting facilities and peripheral equipments
- Environmental protection technology and equipments
- Clean production and recycling technology and equipments
- Safety production technology and equipments
- Energy-saving technology and equipment casting and manufacturing technology
- Occupational health protection and labor protection products

■ 压铸、有色及特种铸造

- 压铸件
- 压铸机
- 压铸机周边设备
- 压铸合金及辅助材料
- 压铸岛及专用机器人
- 压铸件后处理设备
- 压铸模具及工装夹具
- 重力铸造技术与设备
- 低压铸造技术与设备
- 差压、挤压及半固态铸造技术与装备

■ Die casting, Non-ferrous & Special Casting

- Die casting fitting
- Die casting machines
- Die casting machine peripheral equipments
- Die casting alloy and auxiliary materials
- Die casting island special purpose robot
- Die casting post-processing equipments
- Die casting moulds and fixtures
- Gravity casting technology and equipments
- Low pressure casting technology and equipments
- Differential pressure, extrusion and semi-solid casting technology and equipments

■ 工业炉

- 各种不同的先进有效节能和保护环境的工业炉
- 现代化燃烧设备
- 用于工业炉的耐火和隔热材料
- 废弃物余热回收设备
- 炉子机构
- 炉子辅助设备
- 炉子仪表和自动控制系统
- 处理废弃物的焚烧炉
- 零部件、辅助设备

■ Industrial Furnace

- Various advanced efficient energy saving and environmental protection furnaces
- Modern combustion devices
- Refractory and insulation material for furnaces
- Waste heat recovery equipments
- Furnace mechanism
- Furnace auxiliary equipments
- Furnace instrument and automatic control system
- Incinerator for treating wastes
- Components, ancillary equipments

■ 冶金

- 冶金原辅材料
- 耐火材料
- 金属加工设备及技术
- 矿山及冶金企业运输与物流
- 钢铁及有色最新产品
- 冶金原料处理设备
- 冶炼、连铸设备
- 钢铁成型设备
- 炼钢厂与轧钢厂其他设备
- 电气自动化设备
- 数据处理技术
- 检测、仪器仪表
- 节能、减排技术
- 工业解决方案
- 废旧金属回收
- 污水处理、净化设备
- 安全生产及劳保用品
- 氢能源
- 钢结构

■ Metallurgy

- Metallurgical raw and auxiliary materials
- Refractory materials
- Metal processing equipment and technology
- Transportation and logistics for mining and metallurgical enterprises
- Latest products of steel and non-ferrous metals
- Metallurgical raw material treatment equipments
- Smelting and continuous casting equipments
- Steel forming equipments
- Other equipments for steel mills and rolling mills
- Electrical automation equipments
- Data processing technology
- Testing, instrumentation
- Energy saving and emission reduction technologies
- Industrial solutions
- Scrap metal recovery
- Sewage treatment and purification equipments
- Safe production and labor protection articles
- Hydrogen energy source
- Steel structure

同期活动 Concurrent Events

Metal + Metallurgy China 2021为行业搭建参展企业集中展示、观众买家沟通互联、行业人士学术文化交流的专业平台,同期将有百余项活动精彩亮相:

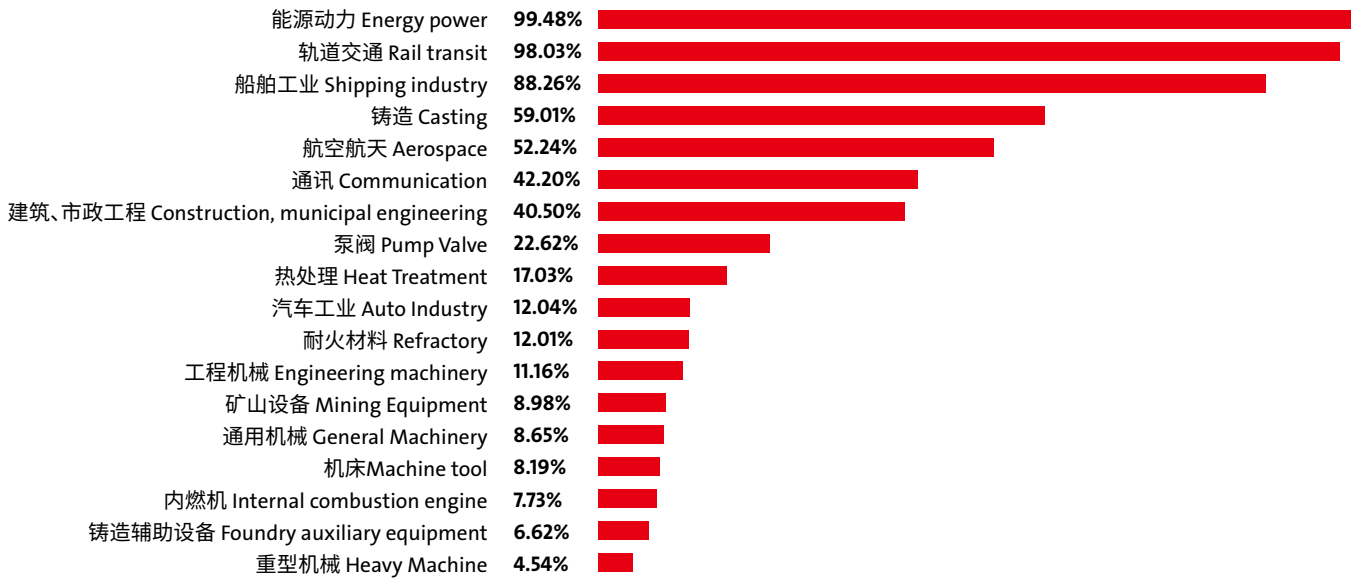

第十七届中国铸造协会年会、中国国际钢铁大会、中国工业炉及冶金产业与热工技术大会、“智能制造、节能环保”主题高峰论坛、优质铸件金奖、优质压铸件金奖、全国铸造材料金鼎奖、全国铸造装备创新奖、“四新”技术、艺术铸件金奖颁奖仪式等。

Metal + Metallurgy China 2021 provides the foundry industry with a professional platform for exhibitors to display, visitors and buyers to communicate and connect, and industry professionals to exchange academic and cultural knowledge. There are more than 100 wonderful activities including:

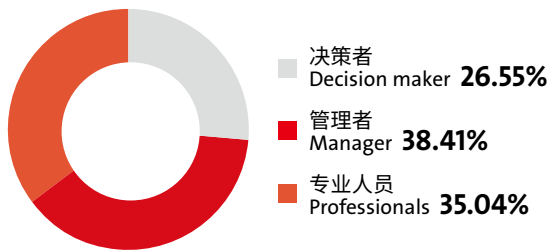

The 17th Annual Conference of China Foundry Association, China International Steel Congress, China IFMTTI Conference, "Intelligent Manufacturing, Energy Conservation and Environmental Protection" Summit Forum. Award Ceremonies for High Quality Castings, High Quality Die Castings, Foundry Materials, Innovation of Foundry Equipment, 4 New Technologies and Art Castings.

观众行业分析 Visitor Main Industries

65% 的观众对设备采购具有决策权
of the visitors have decision-making power over equipment procurement

75% 的观众在近一年内有采购需求
of the visitors have purchase requirement within 1 year

展馆分布 Hall Layout
